

AHMEDABAD INSTITUTE OF TECHNOLOGY

EST.2004 | AICTE APPROVED | GTU AFFILIATED

Respected Sir/Ma'am,

I am writing this letter to recommend Darshankumar Babariya for an internship with Microsoft. He is rising senior at the Ahmedabad Institute of Technology as B.E. Computer Engineer. I have known him for three years in my collage as professor or HOD of computer department at Ahmedabad Institute of Technology. He took programming knowledge from me and earned superior grades in those classes. Based on his grades, attendance, and class participation, I'd rate his academic performance in my class as exceptional.

Darshankumar Babariya has a number of strengths to offer an employer. He is always interested in helping others. For example, during my practical lab sessions, after completion of his practical's he used to help other students clear their doubts. He is also a very fast learner. He completed many courses from Coursera and many platform under my guidance to gain knowledge and also achieved many certificates.

I believed you would benefit greatly by accepting him into your internship program. I know he would learn a great deal about the Web Development. He proven himself to be a hard worker willing to take on any role now matter how large or small. As you consider candidate for the internship at Microsoft, I encourage you to take close look at Darshankumar Babariya.

In conclusion, I would highly recommend Darshankumar Babariya. If his performance in my class is any indication of how he'd perform in the available position, He will be an extremely positive addition to your organization. If you need any additional information, feel free to contact me.

Sincerely,

Dr. Ajay N. Upadhyaya
Assistant Professor,
Head of the Department : CE/IT Department
Ahmedabad Institute of Technology
